

Philip - went for Sept 64

Robert had moved from Los Altos  
to Pacifica - he would see there  
lot of ZC people there  
gave lect as talking + was 25 ft.  
from him - woman sat + blocked  
my view and when she did that lect change  
go off on tangent then woman move  
so I could see him + lect change  
again so I could see how he  
affected by his efforts - very sensitive  
pulled by every little current

with { when talking drop his staff  
on floor - ~~but~~ didn't bother a bit  
just pick up keep going  
Once he asked me teach children  
Dud at yakata sales - I said sure  
bought yakata sales that Sunday little  
beds - we let ourselves - Row of  
on side by screen to both the opposite  
- I told of Buddha as monkey king

One kid yelled "go home ya see - we  
don't need you here" I looked at  
Rev G - go on - I went on  
kids make jokes - laugh at me  
really bad. I kept going to  
me - finally I got there  
(go on he kept saying) but it  
was stable. And now I  
can feel GR saying go on.  
But sometimes I remember +  
don't have feelings. JJ and I  
did 1st NB - ~~one~~ sheet paper in  
form of Buddha - wrap your  
head and shoulders - little press  
downstairs.
