so interviewed everyone with  
when I came me to set  
he asked me to set

I think 1st thing he said  
was let me see you sit,  
I got into posture  
He said "you're too focused  
too ~~off~~ concentrate too upright  
Then to end it I said  
what should I do? Can you  
give me some meditative  
instruction. He said  
just do what SR  
told you to do.

When I was in SF  
~~working as~~ hazy w/ Big School

had a book — I said "What  
kind of book is that?" He said  
I don't know. I had just  
come out. It was a paper

of course.  
I saw him in SF 2 years later  
and he had crew cut. I said  
what you doing. He said
