

No finer needs to be  
recorded - it is, nor persisted  
nor worked out - it is

Was against sameness

Ala I can  
get more done  
if slow down

What do I want?  
What I think I should  
What I really want  
Go toward what I feel

no hard to do - re-treat

All this pretend happiness  
Poor soul, coughed  
suffering for his  
Gambate!

Memories not a refuge  
They can't wash away from me.  
Beautiful but temporary  
Reflections  
All this paper + writing
