

Pilgrim's way bookstore
carmel

thank you for the fine photo
of shumryu suzuki,
whose book is now tops on
my best seller list,
having demoted the zen
teaching of huang po to
second place. I think
it's going to stay there
because he was challenged
by young minds in usa
and came through big.
He jettisoned all buddhism
and extra baggage and came
up with something that even
now has baker puzzled.
thanks again,
